

Debbie`s Little Angels Childminding Service

Sick Child Policy

In the interests of all of the children, ourselves and our family, we would appreciate parents refrain from bringing their children to our setting, if they are suffering from any kind of contagious illness.

By making alternative arrangements for your child and keeping them away from the setting, we can minimise the risk of infection to other children and adults and contain the illness.

If your child has suffered from vomiting or diarrhoea, please keep them away from the setting until a minimum of **48 hours** has passed since the last time they showed symptoms.

It is possible that your child may become ill at sometime whilst in our care.

In cases such as these, we will contact you immediately, if we felt that your child was not well enough to be with other children or posed a risk of infection, you would be expected to make **IMMEDIATE** arrangements for your child to be collected.

CHILDHOOD ILLNESSES/DISEASES ARE VERY COMMON. PLEASE USE YOUR OWN COMMON SENSE WHEN DECIDING WHETHER OR NOT YOU FEEL YOUR CHILD IS FIT TO MIX WITH OTHERS AND IF YOU ARE IN ANY DOUBT, KINDLY TELEPHONE US IN ADVANCE SO THAT WE CAN DISCUSS THE BEST COURSE OF ACTION. WE WILL ALWAYS MAKE A DECISION, BASED ON THE CORRECT ACTION FOR EVERYONE IN OUR SETTING.
